Description

2013 GMC Sierra WT. Everything is in great working order. 161,268 miles (will increase as it is being driven locally). 4.3 V6, last of the old style cast iron versions. Automatic transmission, 2wd. Includes toolbox, bedliner and towing package. Good set of Michelin tires with many miles left on them. Tire pressure light is on because of a bad sensor, but this affects the truck in no way.
