

Sale Name: Generational Collectible & Estate Auction - Emanuel County, GA

LOT 300 - 1990 Rolls Royce Silver Spur

Description

This all black car is gorgeous, 102k miles, 6.75lt engine, power everything, heated seats, 2 vintage cell phones, one for chauffeur, one for passenger, new front brakes, new starter, new fan belts, power steering pump, always garage kept, was \$154700.00 new. This car has been sitting for a while and has a couple of issues; the new power steering pump is now not working, and one fan belt is twisted. would recommend trailering until these items are fixed. there are a few other items that will need tinkering with, as most British cars.

Quantity: 1
